MUR # 6428

RECEIVED  
FEDERAL ELECTION  
COMMISSION  
2010 NOV -8 AM 11:30  
OFFICE OF GENERAL  
COUNSEL

Dear Mr. Hughey:

Subject: 2010 Mississippi Congressional General Election

As you know, on November 2, 2010, the State of Mississippi, along with the other states, will conduct its General Election to choose Representatives for the 112<sup>th</sup> Congress. During the course of the campaign season, a number of violations have occurred.

The Republican challenger in the Second Congressional District race, Bill Marcy, is actively campaigning and raising funds. In the cities of Jackson, Mississippi, and Greenville, Mississippi, he has placed large billboards promoting his candidacy. These advertisements have been displayed on a continuing basis for at least four weeks. Also, at least one advertisement has been placed in a local newspaper (*The Carthaginian*) supporting Mr. Marcy. These advertisements lack the disclaimer required by 11 CFR 110.11(c)(2)(i), (ii) and (iii).

The costs associated with an extended billboard rental in the State's largest media market would trigger the candidate's FEC registration and reporting requirements by 11 CFR 100.3(a) and 102.13(a)(2). Despite months of active campaigning, including travel to various events, design, production and distribution of campaign literature, and billboard placement, Mr. Marcy has not filed any required reports.

Additionally, Mr. Marcy is operating a website ([www.billmarcyforcongress.com](http://www.billmarcyforcongress.com)) and possibly another ([www.byebye Bennie.com](http://www.byebye Bennie.com)), although the lack of filed reports makes it impossible to determine how much it cost and to whom the fees were paid. He lists two campaign offices.

*"Real People Helping Real People"*

11044301147

The candidate has failed to disclose any lease payments associated with these two offices.

The above-detailed actions violate the letter and spirit of our campaign finance and election laws. I trust that a prompt and full investigation into these charges is forthcoming. If additional information is needed, please contact me.

Sincerely,

PRECIOUS MARTIN, SR. & ASSOCIATES, PLLC

# Take Back Your Country One Election at a Time This Year You Have a Clear Choice

Vote  
November 2, 2010

**Bill Marcy**  
US Congress

## Bennie Thompson's Record:

Bennie Thompson voted for your dollars to pay for free healthcare for illegal aliens and to allow government employees, not your doctor, to decide if the lives of your family members are worth saving.

Billions of your tax dollars have been wasted because Bennie Thompson supported giving illegal aliens rewards and other incentives to come to our country such as in-state tuition, educational benefits, welfare and health care services.

For nearly 20 years Bennie Thompson has spent your money with no thought of how you will pay for it. The average household in the USA owes \$531,000.00, plus interest, on what has already been spent. Social Security & Medicare are out of money NOW.

In January 2011, tax cuts will expire which will cost the average American family an extra \$3000.00 a year. Corporate tax rates will soar, leading to higher prices for all goods and services and massive layoffs. Bennie Thompson makes no effort to protect Mississippi's working families.

Bennie Thompson and the federal government did nothing to clean up the massive oil spill that is destroying Mississippi's future. Environmentalists and oil companies from around the world offered assistance but Bennie Thompson's government did nothing. They just blamed everyone else.

## Bill Marcy's Solutions:

Bill Marcy supports repealing this unconstitutional healthcare law, allowing free market solutions, lower cost, offer more health care choices and allow medical treatment decisions to be made by patients and their doctor.

Bill Marcy sees illegal immigration as a great threat to our nation. Bill supports deploying the National Guard to secure "our" border until the fence is completed. He also supports fining businesses that hire illegal immigrants.

Bill Marcy is for eliminating wasteful government spending and reducing the size of the federal government. Many of the powers the federal government assumed are unconstitutional and should be returned to the states . . .

Bill Marcy supports smaller taxes for all Americans to foster economic freedom for sustained growth in the economy, allowing more people working and increase revenue to the government. Bill Marcy believes that people, not government, should decide where to spend their own money.

Bill Marcy believes we can sort out later who is at fault for the oil spill. The focus now is to clean up the mess and this is done by getting help from all possible resources, domestic and foreign. We can figure out who is at fault later.

CHRONICLING THE MISSISSIPPI DELTA SINCE 1891

## 'Shot across the bow'

### Marcy going after Thompson — in lights

DARYL BELL  
darylbell@deltaonline.com

**GREENVILLE** — Republican congressional candidate Bill Marcy has thrown another shot directed at incumbent Rep. Bennie Thompson (D). This time, he's doing it in lights — literally.

Marcy's campaign has rented space on an illuminated billboard in front of Okana Shoe Store Inc., 1891 Dr. Martin Luther King Blvd. S., calling out Thompson's stance on abortion. Marcy wants to replace Thompson as Mississippi's 2nd District Congressional Representative.

"This is a shot directly across the bow at Congressman Thompson," said Marcy, who, with supporters watched the billboard unveiling Tuesday afternoon. "I want him to see this. I want the Delta to see this."

The billboard, which rotates with other advertisements, says: "Congressman Thompson, why do you continue to support abortion?"

The second sign reads: "Since 1973, over 52 million babies have been aborted, 13.8 million have been African American..." citing the Guttmacher Institute as its source.

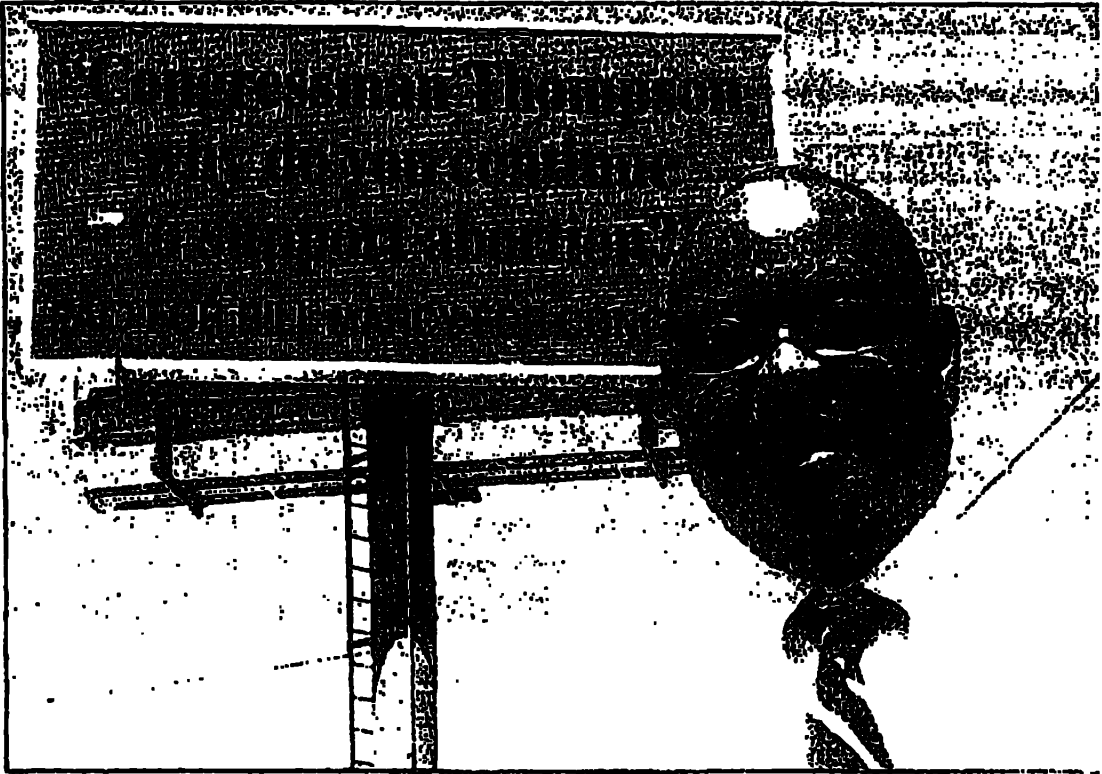

The Guttmacher Institute was founded in 1968 as the Center for Family Planning Program Development.

It became an independent, not-for-profit corporation in 1977 and maintains offices in New York and Washington. The Guttmacher Institute advances sexual and reproductive health worldwide through an interrelated program of social science

research, public education and policy analysis.

"This is just the beginning," said Marcy. "We'
